"*Merhaba*" (want to say hello in Turkish) Shalom Families! My name is Fatma, I am from Turkey and a mother of two boys (EFE and EGE). I joined Shalom Families in 2019. have been working in early childhood education for over 10 years. I have always had a passion for working with children and they never cease to amaze me in their desire and ability to learn.

I have worked with children most of my life in a variety of ways. Seeing the smiles, hearing the laughter, and observing the growth and development of each child is a joy. My belief is that children learn and grow through play, exploration, discovery, and creativity.

I truly believe that when we give children the opportunity to explore their interests in their own way, they will come away with so much more than being told what they should be learning. My favourite thing about working at Shalom Daycare is supporting children as they develop a sense of wonder and discovery and working with amazing families and teachers.

I hope to continue learning from children as they learn from me.
I love to spend my time gardening, travelling and exploring nature with my boys :-)
